

American Journal of ORTHODONTICS

*Official publication of The American Association of Orthodontists,
its Constituent Societies, and The American Board of Orthodontics*

Editors

Wayne G. Watson, D.D.S., *Editor-in-Chief*

Mailing address: Post Office Box 1886, La Jolla, California 92038

Street address: 484 Prospect, Room P, La Jolla, California 92037

Telephone: (714)459-1749

Earl E. Shepard, D.D.S., *Assistant Editor*

225 South Meramec Avenue, St. Louis, Missouri 63105

J. A. Salzmänn, D.D.S., *Editor of Reviews and Abstracts*

25 Sutton Place South, New York 10022

B. F. Dewel, D.D.S., *Editor Emeritus*

2007 Bennett Avenue, Evanston, Illinois 60201

Constituent Society Editors

James R. Clark, D.D.S., *Rocky Mountain Society of Orthodontists*

1900 Folsom Street, Boulder, Colorado 80302

Nicholas A. DiSalvo, D.D.S., *Northeastern Society of Orthodontists*

630 W. 168th St., New York, New York 10032

Howard H. Dukes, Sr., D.D.S., *Southwestern Society of Orthodontists*

Brotherhood Building, Kansas City, Kansas 66101

Marvin C. Goldstein, D.D.S., *Southern Society of Orthodontists*

1218 West Paces Ferry Road, N.W., Atlanta, Georgia 30327

James L. Jensen, D.D.S., *Midwestern Society of Orthodontists*

18708 Dixie Highway, Flossmoor, Illinois 60422

Richard C. Snyder, D.D.S., *Great Lakes Society of Orthodontists*

3242 E. Main Street, Columbus, Ohio 43213

David L. Turpin, D.D.S., *Pacific Coast Society of Orthodontists*

1268 East Main Street, Auburn, Washington 98002

Jerome M. Zweig, D.D.S., *Middle Atlantic Society of Orthodontists*

80 N. Gaston Avenue, Somerville, New Jersey 08876

Subject index

A

- Academy of General Dentistry, 1979 annual meeting of, 476
- Acid etch bonded cast orthodontic retainers (Reinhardt, Denchy, and Chan), 138
- Activators, evaluation of diagnostic criteria used for patients treated with, 222 (Abst.)
 - treatment, effect of, on Class II malocclusions (Wieslander and Lagerström), 20
- Adhesion of mesh-base direct-bonding brackets (Thanos, Munholland, and Caputo), 421
- Ages at eruption of maxillary lateral incisor, comparison of, to Class I and Class II occlusions, 221 (Abst.)
- American Association of Orthodontists, 95, 184, 455, 682
 - and its buildings, history of (Shepard), 457
 - Board of Trustees, Councils, and Committees, directory, 358
 - Council on Research, 347
 - dedication of new headquarters, 455
 - new building, 699
 - officers and organizations, directory, 120, 238, 357, 480, 598, 706
 - president's message: The role of the orthodontist in pedodontic care (Thurrow), 95
 - St. Louis University residents among top entrants in Sicher competition, 593
 - seventy-ninth annual meeting, 346, 469
 - preparations nearing completion for, 110
 - preliminary program, 184
- American Board of Orthodontics, 234
 - announces forthcoming examinations for Board candidates, 353
 - new diplomates, 682
- American Dental Association, 698
 - continuing education sponsor-approval system, 350
 - delegates adopt "maxillofacial," 226
 - meeting, Dr. Bowyer presides over, 224
 - meeting, 1979, theme, 346
 - role of, in future of dentistry in America, 113
- AMERICAN JOURNAL OF ORTHODONTICS, information for authors, 337
 - sifting in search of truth, 334 (Editorial)
- January, pp. 1-120; February, pp. 121-238; March, pp. 239-360; April, pp. 461-480; May, pp. 481-598; June, pp. 599-718.
- Apnea, sleep, retrognathia and, 466 (Abst.)
- Appliances, removable, orthodontic treatment with, 588 (B, rev.)
- Asbell, Milton B., receives Gerard A. Devlin Memorial Award, 229
 - named Penn Dental School's first historian, 696
- Arch length, comparison of four methods of predicting (Gardner), 387
- Australian Society of Orthodontists Foundation for Research and Education—Cleft Palate International meeting, 594

B

- "Ballista spring" system for impacted teeth (Jacoby), 143
- Begg appliance, treatment and posttreatment changes with (O'Reilly), 535
- Bending characteristics of nitinol wire (Lopez, Goldberg, and Burstone), 569
- Body image, self-concept, and orthodontic patient (Klima, Wittemann, and Melver), 507
- Bonded brackets, plaque distribution on (Gwinnett and Ceen), 667
- Bonding, bracket, problems with sealants for (Zachrisson et al.), 641
 - direct, brackets, mesh-base, adhesion of (Thanos, Munholland, and Caputo), 421
 - of orthodontic attachments to teeth, clinical investigation, 221 (Abst.)
 - of polycarbonate orthodontic brackets (Moser, Marshall, and Green), 78
 - versus indirect, 212 (Letters to editor)
- Bone dynamics associated with controlled loading of Bioglass-coated aluminum oxide endosteal implants, 345 (Abst.)
- Bowyer, Frank P., presides over ADA meeting, 224
- Brackets, bonded, plaque distribution on (Gwinnett and Ceen), 667
 - bonding, problems with sealants for (Zachrisson et al.), 641
 - mesh-base direct-bonding, adhesion of (Thanos, Munholland, and Caputo), 421
 - polycarbonate orthodontic, direct bonding of (Moser, Marshall, and Green), 78

C

- Cancers, various ways in which individuals can help in early detection, 466 (Abst.)
- Canines, maxillary impacted, substituting maxillary first premolars for, in cases requiring extraction of dental units as part of orthodontic correction (Altman, Arnold, and Spector), 618
- Caries, dental, inhibition by fluorine, 467 (B. rev.)
prediction, methods of, 587 (B. rev.)
- Carpal radiographs in orthodontic treatment (Grave and Brown), 27
- Cephalometric norms, Michigan School Study, expressed in template form (Ackerman), 282
- Cephalometrics, conventional, inappropriateness of (Moyers and Bookstein), 599
- Cephalometry, xeroradiographic, interobserver reliability in (Hurst, Schwaninger, and Shaye), 179
- Circumferential supracrestal fiberotomy, changes in free gingival level and sulcus depth of human periodontium following (Rinaldi), 46
- Coben, S. Eugene, presents color graphic to Temple alumni, 696
- Craniofacial growth and juvenile temporomandibular joint dysfunction, 218 (Abst.)
morphology: principal component analysis (Cleall, BeGole, and Chebib), 650
skeleton in anencephalic human fetuses, 344 (Abst.)
in trichorhinophalangeal syndrome, cephalometric study (King and Frias), 70
- Cranium of newborn, 693 (B. rev.)

D

- Debonding techniques, enamel surface appearance after various (Zachrisson and Arthun), 121
- Decalcification, enamel, in orthodontic treatment (Younis, Hughes, and Weber), 678
preparations to prevent, during orthodontic treatment compared (Hughes, Hembree, and Weber), 416
- Dental care, regulation and quality of, 586 (B. rev.)
caries inhibition by fluorine, 467 (B. rev.)
conference, first international and thirty-fourth national, 594
materials, problem-oriented approach, 467 (B. rev.)
pharmacology, 108 (B. rev.)
quality assurance project, grants awarded for, 697
radiography, guide to, 466 (B. rev.)
- Dentist, what Federal x-ray regulations mean to, 220 (Abst.)
- Dentistry, future of, in America—ADA's role, 113
pain control in, 584 (B. rev.)
synopsis of medicine in, 109 (B. rev.)
tooth mutilations and, in pre-Columbian Mexico, 106 (B. rev.)
year book of, 1978, 468 (B. rev.)
- Dentition and skull, primate, evolutionary changes to, 108 (B. rev.)

- Devlin, Gerard A., Memorial Award, presentation to Milton B. Asbell, 229
- Dewel, Dr. and Mrs. B. F., presentation of honors to, at forty-first annual meeting of Midwestern Society of Orthodontists, 469
- Diagnosis, proportionate template as aid in (Jacobson), 156
- Diagnostic criteria used for patients treated with activators, evaluation of, 222 (Abst.)
- Diastema, maxillary: indications for treatment (Popovich and Thompson), 399
- Displacement, distal, of maxilla and upper first molar (Baumrind et al.), 630
- Dugoni, Arthur A., named dean of UOP School of Dentistry, 223
- Dysplasia, anteroposterior and vertical, orthodontic relapse in subjects with varying degrees of (El-Mangoury), 548

E

- Editorial: anticipation and midcourse changes for the Class II malocclusion, 90
effect of peer review guidelines on the progress of orthodontics and the autonomy of the orthodontist, 93
first-stage treatment—time, methods, potential, 576
it's a joint problem, 208
sifting in search of truth, 334
stress resistance through optimal occlusion, 684
the belabored lymphoids—a dentist-physician dilemma, 460
the validity of malocclusion measurement, 464
- Enamel decalcification in orthodontic treatment (Younis, Hughes, and Weber), 628
preparations to prevent, during orthodontic treatment compared (Hughes, Hembree, and Weber), 416
surface appearance after various debonding techniques (Zachrisson and Arthun), 121
- Energy conservation, Dr. Hoyt looks toward future, 474
- Epiphyseal vascularization of growth plates, 344 (Abst.)
- Extraction of dental units as part of orthodontic correction, substituting maxillary first premolars for maxillary impacted canines in cases requiring (Altman, Arnold, and Spector), 618
- Extraoral force, anteriorly directed, experimental and postexperimental response to, in young *Macaca nemestrina* (Jackson, Kokich, and Shapiro), 318
key to understanding of (Jacobson), 361
traction, posteriorly directed, experimental and postexperimental effects of, in adult *Macaca fascicularis* (Brandt, Shapiro, and Kokich), 301

F

- Face-bow, activated (Magni), 152
- Facial and oral function, neural basis of, 695 (B. rev.)

Facial—Cont'd

- growth, proposed multivariate model for prediction of (Bhatia, Wright, and Leighton), 264
- type, pituitary fossa size and (Preston), 259
- Fibrotomy, circumferential supracrestal, changes in free gingival level and sulcus depth of human periodontium following (Rinaldi), 46
- Fluorine, dental caries inhibition by, 467 (B. rev.)
- Force, extraoral, anteriorly directed, experimental and postexperimental response to, in young *Macaca nemestrina* (Jackson, Kokich, and Shapiro), 318
 - key to understanding of (Jacobson), 361
- Fossa, pituitary, size and facial type (Preston), 259
- Freeman, Julian, named director of orthodontic services at Montefiore Hospital and Medical Center, 473

G

- Gingival level, free, and sulcus depth of human periodontium, changes in, following circumferential supracrestal fibrotomy (Rinaldi), 46
- Great Lakes Society of Orthodontists, 224
- Greeley, Constance, receives William Kress Award, 233
- Growth and growth prognosis in oro-dental area, considerations of, 219 (Abst.)
 - craniofacial, and juvenile temporomandibular joint dysfunction, 218 (Abst.)
 - facial, proposed multivariate model for prediction of (Bhatia, Wright, and Leighton), 264
 - plates, epiphyseal vascularization of, 344 (Abst.)
 - vertical, of lips (Vig and Cohen), 405

H

- Headgear, orthodontic, patient cooperation in wearing (Clemmer and Hayes), 517
- Help sought in search for missing girl, 116
- Honors and awards, 117
- Hoyt, C. Douglas, looks toward future, 474
- Hydrocolloid impression material, irreversible, dimensional stability of (Coleman, Hembree, and Weber), 438

I

- Implants, Bioglass-coated aluminum oxide endosteal, bone dynamics associated with controlled loading of, 345 (Abst.)
- Impression material, irreversible hydrocolloid, dimensional stability of (Coleman, Hembree, and Weber), 438
- In memoriam; Edward P. Adams, 582
 - Amos S. Bumgardner, 689
 - Daniel T. Carr, 342
 - Herbert Kurtz Cooper, Sr., 101
 - Ulysses Erdreich, 583
 - Charles English Fontaine, 342
 - Sol D. Gosman, 342
 - R. Paul Husted, 581
 - Ralph Oscar Kennedy, 343
 - David H. Marshall, 581

In memoriam—Cont'd

- Abijah D. Pierce, 688
- C. P. J. Reysenbach, 103
- Harold E. Sippel, 690
- Joseph A. Stepka, 689
- Arthur C. Rohde, 580
- Anna Magdalene Urban, 688
- Incisor, maxillary lateral, comparison of ages at eruption of, to Class I and Class II occlusions, 221 (Abst.)
- Insurance (See National health insurance)
- International Association of Oral Myology, 702
- International dental association thriving at Pitt, 113
- Intraoral photography, serial, standardization for (Kaplan), 431

J

- Japan Orthodontic Society, 594
- Jaws and related structures, management of war injuries to, 585 (B. rev.)

K

- Kellogg, W. K. Foundation, awards grants for dental quality assurance project, 697
- Kress, William, Award to Constance Greeley, 233

L

- Letters to editor, 212
- Lips, vertical growth of (Vig and Cohen), 405
- Lymphoids, belabored, 460 (Editorial)

M

- Malocclusion, Class I and II, comparison of ages at eruption of maxillary lateral incisor to, 221 (Abst.)
 - Class II, anticipation and midcourse changes for, 90 (Editorial)
 - effect of activator treatment on (Wieslander and Lagerström), 20
 - measurement, validity of, 464 (Editorial)
- Mandibular advancement surgery, 345 (Abst.)
 - deficiency, combined orthodontic-surgical correction of moderate (Bell and Jacobs), 481
 - plane changes during maxillary retraction (Baumrind et al.), 86
 - posture, early modification of, repercussions on growth and therapeutic utilization, 218 (Abst.)
- Maxilla and upper first molar, distal displacement of (Baumrind et al.), 630
- Maxillary diastema: indications for treatment (Popovich and Thompson), 399
 - orthopedic splint (Joffe and Jacobson), 54
 - osteotomy, 344 (Abst.)
 - retraction, mandibular plane changes during (Baumrind et al.), 86
 - surgery, soft-tissue change as result of (Engel, Quan, and Chaconas), 291
- Medicine in dentistry, synopsis of, 109 (B. rev.)

- P
- Pacific Coast Society of Orthodontists, 353, 593, 703
- Pain control in dentistry, 584 (B. rev.)
- Patients, "broken appointment" in children's hospital dental clinic, study of, 219 (Abst.)
cooperation in wearing orthodontic headgear (Clemmer and Hayes), 517

Patient—Cont'd
relation stress, avoiding, in orthodontic practice (Singer and Sheppard), 173
Pedodontic care, role of orthodontist in; president's message (Thurow), 95
Peer review guidelines, effect of, on progress of orthodontics and autonomy of orthodontist, 93 (Editorial)
Periodontal fibers, metabolic alteration of, effect on orthodontic tooth movement (Heller and Nanda), 239
Pharmacology, dental, 108 (B. rev.)
Photography, serial intraoral, standardization for (Kaplan), 431
Pituitary fossa size and facial type (Preston), 259
Plaque distribution on bonded brackets (Gwinnett and Ceen), 667
Polycarbonate orthodontic brackets, direct bonding of (Moser, Marshall, and Green), 78
Practice announcements, 118, 237, 356, 479, 597, 705
management, symposium on, 587 (B. rev.)
Prediction of arch length, comparison of four methods of (Gardner), 387
of facial growth, proposed multivariate model for (Bhatia, Wright, and Leighton), 264
Premolars, maxillary first, substituting for maxillary impacted canines in cases requiring extraction of dental units as part of orthodontic correction (Altman, Arnold, and Spec- tor), 618
Prosthesis, fixed partial, atlas of, 105 (B. rev.)

R

Radiograph, orthopantomographic, statistical correlation of individual tooth size distortions on (Rejebian), 525
carpal, in orthodontic treatment (Grave and Brown), 27
Radiography, dental, guide to, 466 (B. rev.)
Research errors, value of tooth size in avoiding, 219 (Abst.)
Retainers, orthodontic, acid etch bonded cast (Reinhardt, Denehy, and Chan), 138
Retraction, maxillary, mandibular plane changes during (Baumrind et al.) 86
Retrognathia and sleep apnea, 466 (Abst.)

S

St. Louis University residents among top entrants in Sicher competition, 593
Sealants for bracket bonding, problems with (Zachris- son et al.), 641
Self-concept, body image, and orthodontic patient (Klima, Wittmann, and McIver), 507
Skeleton, craniofacial, in anencephalic human fetuses, 344 (Abst.)
in trichorhinophalangeal syndrome, cephalomet- ric study (King and Frias), 70
Skull and dentition, primate, evolutionary changes to, 108 (B. rev.)
Sleep apnea, retrognathia and, 466 (Abst.)

Societies, hospitals, and foundations, 113, 232, 349, 474, 595, 702
Soft-tissue change as result of maxillary surgery (En- gel, Quan, and Chaconas), 291
Southern Society of Orthodontists, 110
Southwestern Society of Orthodontists, 351, 702
Speech, better, for your child, 588 (B. rev.)
Splint, maxillary orthopedic (Joffe and Jacobson), 54
Spring "ballista," for impacted teeth (Jacoby), 143
Stress, patient relation, avoiding, in orthodontic prac- tice (Singer and Sheppard), 173
resistance through optimal occlusion, stress resis- tance through, 683 (Editorial)
Sulcus depth of human periodontium, changes in free gingival level and, following circumferen- tial supracrestal fiberotomy (Rinaldi), 46
Surgery, mandibular advancement, 345 (Abst.)
maxillary, soft-tissue change as result of (Engel, Quan, and Chaconas), 291
Surgical-orthodontic correction of moderate mandibu- lar deficiency (Bell and Jacobs), 481
osteotomy, role of occlusal "simulator" in ortho- dontic treatment prior to (Magni), 453 (Erratum)

T

Teeth direct bonding of orthodontic attachments to, clinical investigation, 221 (Abst.)
impacted, "ballista spring" system for (Jacoby), 143
previously avulsed and partially avulsed, radio- graphic evaluation of response of, to ortho- dontic movement (Hines), 1
Templates, Michigan School Study cephalometric norms expressed in form of (Ackerman), 282
proportionate, as diagnostic aid (Jacobson), 156
Temple University alumni, S. Eugene Coben presents color graphic to, 696
Temporomandibular joint dysfunction, juvenile, and craniofacial growth, 218 (Abst.)
it's a joint problem, 208 (Editorial)
Tongue-thrust correction, 584 (B. rev.)
Tonsils and adenoids; belabored lymphoids, 460 (Editorial)
Tooth movement, orthodontic, effect of metabolic al- teration of periodontal fibers on (Heller and Nanda), 239
mutilations and dentistry in pre-Columbian Mexico, 106 (B. rev.)
size distortions on orthopantomographic radio- graph, individual, statistical correlation of (Rejebian), 525
value of, in avoiding research errors, 219 (Abst.)
Traction, extraoral; activated face-bow (Magni), 152
experimental and postexperimental effects of posteriorly directed, in adult *Macaca fas- cicularis* (Brandt, Shapiro, and Kokich), 301
maxillary orthopedic splint (Joffe and Jacobson), 54

Treatment and posttreatment changes with Begg appliance (O'Reilly), 535
first-stage, 576 (Editorial)

Trichorhinophalangeal syndrome, cephalometric study of craniofacial skeleton in (King and Frias), 70

Tweed, Charles H., Foundation, "struggle to stay straight"—condensation of essay presented at, 589

U

University of Pacific School of Dentistry, Dr. Dugoni named dean, 223

University of Pennsylvania School of Dental Medicine, Milton Asbell named first historian, 696

University of Pittsburgh, international dental association thriving at, 113

V

Virginia Orthodontic Society, eighteenth annual meeting, 472

W

War injuries to jaws and related structures, management of, 585 (B. rev.)

Ways and Means Health Subcommittee, 593

Wire, nitinol, bending characteristics of (Lopez, Goldberg, and Burstone), 569

X

Xeroradiographic cephalometry, interobserver reliability in (Hurst, Schwaninger, and Shaye), 179

X-ray regulations, Federal, meaning to dentist, 220 (Abst.)

surveys, full-mouth and panoramic, analysis of interpretations of, 220 (Abst.)
